

QUALIFICATIONS PACK - OCCUPATIONAL STANDARDS FOR HANDICRAFTS AND CARPET INDUSTRY

What are Occupational Standards(OS)?

OS describe what individuals need to do, know and understand in order to carry out a particular job role or function

OS are performance standards that individuals must achieve when carrying out functions in the workplace, together with specifications of the underpinning knowledge and understanding

Introduction

Qualifications Pack – Engraving Artisan (Metal Handicrafts)

SECTOR: HANDICRAFTS AND CARPET

SUB-SECTOR: Metalware

OCCUPATION: Metal Craft Making

REFERENCE ID: HCS/Q2902

ALIGNED TO: NCO-2004/7313.71

The engraving artisan is responsible for engrave the design onto the metal surface by cutting grooves into it.

Brief Job Description: The individual at work is responsible for preparing the surface of the metal and raw materials, Creating the design onto the metal surface, checking for defects, ensuring it matches the prescribed design and requirements, adhering to quality standards

Personal Attributes: The job requires the individual to have: attention to details, good eyesight, steady hands, ability to sit in same position for longer hours, patience and creativity.

Qualifications Pack For Engraving Artisan (Metal Handicrafts)

	Job Details	

Qualifications Pack Code	HCS/Q2902		
Job Role	Engraving Artisan (Metal Handicrafts)

Definitions

Keywords /Terms	Description
Sector	Sector is a conglomeration of different business operations having similar businesses and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Vertical	Vertical may exist within a sub-sector representing different domain areas or the client industries served by the industry.
Occupation	Occupation is a set of job roles, which perform similar/related set of functions in an industry.
Function	Function is an activity necessary for achieving the key purpose of the sector, occupation, or area of work, which can be carried out by a person or a group of persons. Functions are identified through functional analysis and form the basis of OS.
Sub-functions	Sub-functions are sub-activities essential achieving the objectives of the function.
Job role	Job role defines unique set of functions that together form a unique employment opportunity in an organization.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve consistently while carrying out a function at the workplace. Occupational Standards as set of competencies is applicable both in Indian and overreaching global contexts.
Performance Criteria	Performance Criteria defined for a task are statements that together specify the standard of performance while carrying out the task.
National Occupational Standards (NOS)	NOS are Occupational Standards which apply uniquely in Indian context.
Qualifications Pack Code	Qualifications Pack Code is a unique reference code that identifies a qualifications pack.
Qualifications Pack(QP)	Qualifications Pack comprises set of OS, together with the educational, training and other criteria that are required to perform a job role satisfactorily at workplace. A Qualifications Pack is assigned a unique qualification pack code for clear identification.
Knowledge and Understanding	Knowledge and Understanding are statements which together as a set specify the technical, generic, professional and organization specific knowledge that an individual needs to possess in order to perform and meet the required standards consistently.
Organizational	Organizational Context includes the way the organization is structured and how it

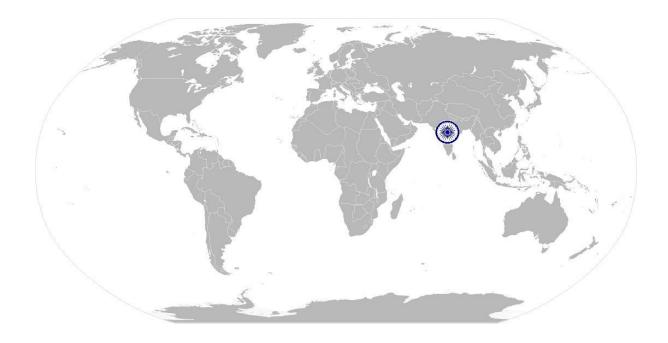

Context	operates. It includes elements of operational knowledge contents defined in
	relation to functioning of an organization that a skilled professional need to
	possess specific to its precise areas of responsibility.
Technical	Technical Knowledge is the specific domain knowledge needed to accomplish the
Knowledge	task in combination with other competencies. It is usually coined with specifically
	designated roles and responsibilities.
Core	Core Skills or Generic Skills as set are group of skills. It is key to working in today's
Skills/Generic	world. These skills are typically needed in any work environment. In the context of
Skills	the OS, these include mainly communication related skills that are applicable to
	most job roles.
Sector	Sector is a conglomeration of different business operations having similar
	businesses and interests. It may also be defined as a distinct subset of the
	economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and
	interests of its components.
Vertical	Vertical may exist within a sub-sector representing different domain areas or the
	client industries served by the industry.
Occupation	Occupation is a set of job roles, which perform similar/related set of functions in
	an industry.

Perform pre engraving requirements

National Occupational Standard

Overview

This unit is about preparing the pre engraving requirements to engrave design on the metal surface.

]	HCS/N2902	Perform pre engraving requirements
	Unit Code	HCS/N2902
	Unit Title (Task)	Perform pre engraving requirements
1	Description	This OS unit is about preparing the pre engraving requirements to engrave design on the metal surface
ę	Scope	This unit/ task covers the following:
		Understand work requirement
		Assemble the required raw materials
		Prepare the metal surface
	Performance Criteria(P	C) w.r.t. the Scope
	Element	Performance Criteria
	Understanding work requirement	 To be competent, the user/ individual must be able to: PC1. understand the engraving method for its shape, style, materials, etc. PC2. understand the design requirement PC3. understand the areas to be engraved PC4. plan the target on number of pieces to be completed
1	Assembling the required raw materials	 To be competent, the user/ individual must be able to: PC5. select the appropriate tool such as hammer, chisel, gravers, magnifier, etc. to engrave PC6. sharpen the tools periodically PC7. collect and arrange the materials to begin the process PC8. report on any shortage or defect of raw materials to the concerned person PC9. ensure to stock the required materials in advance PC10. collect the metal product to be engraved
	Preparing the metal surface	To be competent, the user/individual must be able to: PC11. clean the surface of the metal using a wet cloth and soapy water PC12. dry the surface
	Knowledge and Unders	
	A. Organizational Context (Knowledge of the company / organization and its processes)	 The individual on the job needs understand: KA1. company's policies on: incentives, safety and hazards, personnel management and quality standards KA2. workflow involved in metal making process of the company KA3. importance of the individual's role in the work process KA4. reporting structure KA5. documentation policy KA6. customer profile
	B. Technical Knowledge	 The individual on the job needs to know and understand: KB1. metalcraft details KB2. metal making process and types of products KB3. various kinds of raw materials involved in the process KB4. different kinds of engraving methods to be used based on the requirement KB5. preparation of the metal surface KB6. creating designs and tracing the outline

Engrave design on the metal surface

Unit Code	HCS/N2903	
Unit Title (Task)	Engrave design on the metal surface	
Description	This OS unit is about engraving a design onto the metal surface by cutting grooves onto it	
Scope	This unit/ task covers the following:	
	Create the design on the metal surface	
	Engrave the design onto the metal surface	
	Achieve quality standards	
Performance Criteria(P	C) w.r.t. the Scope	
Element	Performance Criteria	
Creating design on	To be competent, the user/ individual must be able to:	
the metal surface	PC1. choose the appropriate engraving method based on the type of metal used	
	PC2. choose the appropriate raw materials according to the engraving method	
	PC3. trace or outline the design on the metal surface i.e. cut the design onto the surface	
Engraving the design	To be competent, the user/individual must be able to:	
onto the metal	PC4. use the appropriate tool such as graver, hammer, chisel, etc. for engraving	
surface	styling selecting the tool with appropriate shape and size as required	
	PC5. use appropriate tools for hand engraving method for smaller space iHCSriptions	
	PC6. level the inner surface	
	PC7. carve the design or letters on the metal surface as per design requirement	
	PC8. perform shading to the engraved portion	
	PC9. add varnish to the engraved portion	
	PC10. ensure not to apply too much force during cutting or engraving	
	PC11. ensure to use safety measures such as respirator, mask, etc.	
Achieving quality	To be competent, the user/ individual must be able to:	
standards	PC12. ensure accuracy, cleanliness and designing in the engraving process as per	
	requirement PC13. ensure the target number of pieces are engraved	
	PC14. ensure the output delivered is defect free and hazard free	
Knowledge and Unders		
A. Organizational	The individual on the job needs understand:	
Context	KA1. company's policies on: incentives, safety and hazards, personnel	
(Knowledge of the	management and quality standards	
company /	KA2. workflow involved in metal making process of the company	
organization and	KA3. importance of the individual's role in the work process	
its processes)	KA4. reporting structure KA5. documentation policy	
. ,	KAS. customer profile

HCS/N9901 Coordinate with colleagues and work as a team

National Occupational Standard

Overview

This unit is about individual's coordination and communication level with colleagues and superiors so as to achieve the deliverable on time through a smooth workflow.

National Occupational Standard

HCS/N9901	Coordinate with colleagues and work as a team
Unit Code	HCS/N9901
Unit Title (Task)	Coordination and team work with colleagues and superior
Description	This OS unit is about communicating and coordinating with colleagues and superiors in order to achieve smooth and hazard free work flow during production. It is about the ability to work as a team member, share work and multi task to meet the deliverable schedule and quality requirements, assuring no process disruptions.
Scope	This unit/ task covers the following:
	 Interact with supervisor or superior Work as a team by coordinating with colleagues within and outside the department Report and Document
Performance Criteria(I	PC) w.r.t. the Scope
Element	Performance Criteria
Interact with	To be competent, the user/individual must be able to:
supervisor or	PC1. receive job order and instructions from reporting supervisor PC2. understand the work output requirements, targets, performance indicators
superior	and incentives
	PC3. deliver quality work on time and report any anticipated reasons for delays
	PC4. report on any grievances, production defects and any potential hazards
	PC5. communicate on process flow improvements
	PC6. communicate maintenance and repair schedule proactively to the supervisor
	PC7. receive feedback on work standards
	PC8. interact and clarify doubts on design, usage of materials & tools, quality &
	standards compliance, etc
	PC9. report in time for shortage or need of raw materials
Mark as a toom by	PC10. handover completed work to supervisor To be competent, the user/ individual must be able to:
Work as a team by coordinating with	PC11. communicate to the colleagues from within and other departments, clearly
colleagues within and	
outside the	PC12. maintain the etiquettes, use polite language, demonstrate responsible and
department	disciplined behaviours to the colleagues
	PC13. interact with colleagues from different functions and understand the nature of their work
	PC14. put team over individual goals and multi task or share work where necessary supporting the colleagues
	PC15. resolve conflicts and ensure smooth workflow
	PC16. interact and understand the production requirement for the day from the
	previous and successive processing department and work accordingly PC17. communicate and discuss work flow related difficulties in order to find
	solutions with mutual agreement
	PC18. receive feedback from Quality Control and rework in order to complete work on time

16

HCS/N9901	Coordinate with colleagues and work as a team
	PC19. share information with colleagues to enable efficient delivery of work
	PC20. highlight any errors of colleagues, help to rectify and ensure quality output
	PC21. work with cooperation, coordination, communication and collaboration, with
	shared goals and supporting each others performance
Report and	To be competent, the user/ individual must be able to:
Document	PC22. document all the details accurately relating to one's role as required
	PC23. report on the work completed and keep it in records
Knowledge and Unders	standing (K)
A. Organizational	The individual on the job needs understand:
Context	KA1. company's policies on preferred language of communication, incentives,
(Knowledge of the	quality standards, personnel management, reporting and escalation matrix
company /	policy
	KA2. company's standard operating procedure (SOP) and the risk and impact of
organization and	not following them
its processes)	KA3. procedures for working with colleagues, his/her role and responsibilities in
	relation to this
	KA4. organizational hierarchy and the line of reporting structure
	KA5. procedures to report employment related issues and to deal with conflicts
	KA6. work flow involved in the company's production process and the sequence of
	operations
	KA7. importance of the individual's role impervation workflow and details of the
	individual responsibilities
	KA8. Work target and review mechanism
	KA9. common potential hazards in the work place and the procedures to deal with
	them
	KA10. tools and equipments handling procedure
	KA11. documentation procedures as required
B. Technical	The individual on the job needs to know and understand:
Knowledge	KB1. communicate effectively with various categories of people and the different
	departments in the organization
	KB2. build team coordination and work effectively in a team for organizational and
	individual success
	KB3. to document the job activity as required like the check sheets, history sheets,
	etc.
	KB4. help colleagues with specific issues and problems, meeting quality and time
	standards as a team
	KB5. listen actively to team members
	KB6. maintain the proper tone and pitch for communication, ethics and discipline
	for professional success
	KB7. develop effective working relationship with mutual trust and respect within
	the team
	KB8. express and address grievances appropriately, deal with difficult work
	relationships and manage the internal conflicts effectively.

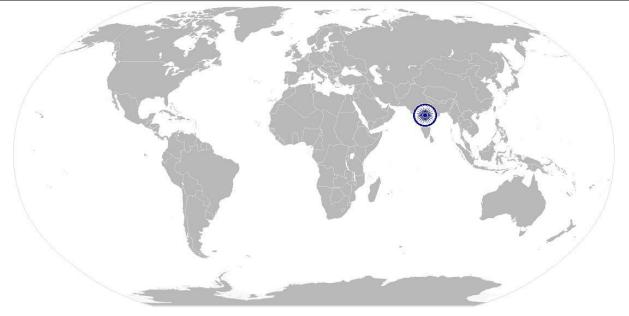

HCS/N	N9901	Coordinate with colleagues and work as a team
Skills (S	S) [Optional]	
A. Co	re Skills/	Reading skills
Ge	neric Skills	The individual on the job needs to know and understand how to:
		SA1. read job sheets, design sheet and information displayed at the workplace
		SA2. read notes/comments from the supervisor
		SA3. read and understand manuals, health and safety instructions, memos etc
		Writing skills
		The individual on the job needs to know and understand how to:
		SA4. fill up documentation to one's role
		Communication skills
		The individual on the job needs to know and understand how to:
		SA5. interact with team members to work efficiently
		SA6. communicate effectively with supervisor
B. Pro	ofessional Skills	Decision making skills
		The individual on the job needs to know and understand how to:
		SB1. report to supervisor and deal with a colleague individually, depending on the
		type of concern
		Plan and Organize
		The individual on the job needs to know and understand how to:
		SB2. communicate with superiors as required
		Customer centricity
		The individual on the job needs to know and understand how to:
		SB3. communicate with customers / clients and understand their preferences
		Problem solving
		The individual on the job needs to know and understand how to:
		SB4. resolve problems / conflicts through proper communication
		Analytical thinking
		The individual on the job needs to know and understand how to:
		SB5. analyse and communicate as per the requirement
		Critical thinking
		The individual on the job needs to know and understand how to:
		SB6. spot and communicate potential areas of disruptions to work process and
		report the same

Maintain personal health

National Occupational Standard

Overview

This unit is about managing personal health at work place.

NOS National Occupational Standards

HCS/N9903	Maintain personal health
Unit Code	HCS /N9903
Unit Title (Task)	Maintain personal health
Description	This OS unit is about managing personal health at work place.
Scope	 This unit/ task covers the following: Adopt healthy work practices
	 Achieve work productivity while maintaining health
Performance Criteria	n(PC) w.r.t. the Scope
Element	Performance Criteria
Adopt healthy work practices	 To be competent, the user/ individual must be able to: PC1. always cover the mouth and nose with a dust mask while working and keep on changing when it gets blocked with dust PC2. follow work instructions strictly to reduce the amount of pollution at the work place e.g. wet the rock / craft material before working on it PC3. wear protective goggles over eyes and replace them when scratches on it obscure the vision PC4. wear gloves as per the materials used for making handicraft to avoid blisters; scratches and cuts PC5. undergo preventive health checkups at regular intervals PC6. take prompt treatment from the doctor in case of illness PC7. follow SOPs for dealing with blisters; scratches; accidental fires or any other type of emergencies at work
Achieve work productivity while maintaining health	To be competent, the user/ individual must be able to: PC8. ensure no productivity loss or absenteeism from work due to illness PC9. ensure no long term ill effect on the personal health
Knowledge and Unde	
A. Organizational Context (Knowledge of the company / organization and its processes)	 The individual on the job needs to know and understand: KA1. company's policies on: personal health and occupational hazard management KA2. company's HR policies KA3. company's reporting structure KA4. company's emergency evacuation procedure
B. Technical Knowledge	 The individual on the job needs to know and understand: KB1. health risks to the worker at the work place KB2. healthy work practices KB3. how to perform the duties in a way to minimize pollution at the work place KB4. what personal protective equipments should be worn and how it is cared for KB5. safe disposal methods for waste KB6. how to provide the first aid treatment at workplace KB7. emergency procedures to be followed in case of an mishap such as fire accidents etc.

CRITERIA FOR ASSESSMENT OF TRAINEES

Job Role : Engraving Artisan (Metal Handicrafts) Qualification Pack : HCS/Q2902

Sector Skill Council : Handicrafts and Carpet

- 1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for each PC.
- 2. Each NOS will assessed both for theoretical knowledge and practical
- 3. The assessment will be based on knowledge bank of questions created by the SSC.
- 4. Individual assessment agencies will create unique question papers for theory and skill practical part for each candidate at each examination/training center
- 5. To pass the Qualification Pack, every trainee should score a minimum of 60% in every NOS
- 6. In case of successfully passing only certain number of NOS's, the trainee is eligible to take subsequent assessment on the balance NOS's to pass the Qualification Pack
